

# 2021 Summer Family Camp

## FAQ's

### for in-person programming

#### *How will Camp Korey provide a safe camp environment for my camper and family?*

Our dedicated medical and program staff are working hard to adapt our camp programs and create high-level safety protocols that meet the guidelines laid out by the CDC, Washington State local and state guidelines, the SeriousFun Children's Network, and the American Camp Association.

- All CDC guidelines will be implemented and enforced throughout all Camp Korey programming.
- All participating families will be required to take part in the COVID-19 testing process that Camp Korey has arranged with a local lab. The testing will be conducted by mail and will be completed at NO COST to our Camp Korey Families.
- Seven days prior to arrival at camp, each family will be required to complete and submit a questionnaire to confirm there has been no possible exposure to COVID-19 and that there are no COVID-19 symptoms present in the household. An additional health screening will be performed upon arrival to camp.
- Participants will be required to practice safe social distancing as advised by the CDC. Limiting interaction between other participants, and not participating in handshakes, high-fives, fist bumps, or side-hugs with anyone outside their own family unit, including CK staff.
- Accommodations around scheduling have been arranged so family pods travel as single units to all program areas. Indoor program areas will only have one family pod present, while outdoor areas will be limited to a maximum of two family pods. All camp activities like campfire or stage night will have socially distanced designated Family Pod Zones. For any "group activity", a designated space will be marked for families which will allow for at least 12 feet of distance between another family's space.
- All family members and staff will be required to wear a mask at all times. This includes traveling to program areas and participation in all activities outside of your family's designated cabin or family pod zone.
- No participant is permitted to enter another housing unit outside of their own or designated family pod zone. No exceptions.
- Summer is a beautiful time in Washington State! We will be utilizing the great outdoors as much as possible for our programming needs. Things like meals, arts and crafts, or games may be set up outdoors. Designated areas/tables will be identified for individuals or family pods to use throughout the week.
- The Camp Korey property will have very limited outside access while camp programming is in session. Parents and Caregivers will not be able to leave camp

property during the week to ensure that the safety of entire camp community is our number one focus.

- Camp Korey is committing to hire a Clean Team this summer who will be diligent in assuring that all program areas, cabin rooms, and common areas are properly cleaned and sanitized between use.

### ***What is the “Family Centered Model”?***

Much different than a traditional family camp, programming will be operating without the use of volunteers and cabin counselors and implementing the “Family Centered Model.” This means that parents and caregivers will fill the vital role of “cabin counselor” during meals and sleeping. Activity and Program staff will lead all camp activities though so don’t worry; the majority of your time will be spent enjoying all the magic of camp together!

- Each family will make up their own unique family pod. This family pod will consist of parent/caregiver, camper, and any siblings attending camp. Your family pod will participate in all activities together and rotate to camp activities as a pod. Each family will have a designated Family Pal for their week at camp that will design a program with your family in mind!
- We have decided to provide 10 cabin rooms based on a safe camp program design. Parent/Caregivers will fill the vital role of “cabin counselor” for meals, sleeping, and family time. Every family pod must have one parent/caregiver per room. We ask that families limit their attendees to immediate family members only, so we can serve the most families each week as possible.
- This year, we ask that only campers and camper aged siblings (7 to 17 years old) attend Camp Korey.

### **Who makes up a “Family Pod”?**

- Your family pod is limited to members of your immediate household. This may include parents, guardians, or other family members who are responsible for your camper’s direct care, and camp aged siblings. This requirement is both to meet COVID-19 safety precautions and allow the maximum number of family pods to attend each session of camp.

### ***Who is responsible for medical care during your in-person Family Camp?***

Camp Korey will have a full-time medical team available and onsite for all camp programs. The medical team will conduct health screenings upon arrival and continue to monitor staff and campers throughout the week.

- This year, we will ask the parents/caregivers of each family pod to be responsible for providing individual medical care to the members of their family. Camp Korey’s medical team will always be around as support!
- Please bring all medications and supplies to Camp for your individual family’s needs for the entire week. This includes: all medications (prescription and over the counter, oral, IV, IM), supplies for central line care (heparin, saline, syringes, caps, access needles, EMLA, etc.), and all other supplies (IV or pump tubing, pumps and supplies, wheelchair, crutches, etc.).

### ***Who will facilitate activities during our week at camp?***

- Camp Korey is excited to continue to provide intentional and adaptive program opportunities to our campers and families this summer. Each family will be paired with a Family Pal who will help tailor the week to meet the unique needs of each family pod. Activity Counselors and other seasonal program staff will facilitate a wide variety of favorite camp activities.

- To help reduce direct contact and overlap between Family Pods at activity areas our program team will welcome one family at a time, or two families socially distanced in outdoor spaces, to join us in some favorite camp activities!
- Activity Counselors will be assigned to the Adventure team or Creative Arts team and will work hand in hand with our dedicated support staff to facilitate programs safely and ensure that the program area is cleaned, reset, and sanitized for the next incoming family group.
- We will make every effort to make All-Camp activities like Silly-O, Campfire, and Stage Night happen with proper social distancing protocols in full effect.

### ***What activities will be offered throughout our week at camp?***

We are excited to offer many of the Camp Korey activities that are favorites for our campers and families alike! Your family will have the opportunity to experience the magic of camp in a wide variety of ways. Your family will receive a “menu” of program options you can choose to create a week to remember!

Listed below are a few of the fun and engaging activities your family will enjoy during your camp week:

<b>Archery</b>	<b>Arts and Crafts</b>	<b>Equestrian</b>
<b>Campfire</b>	<b>Stage Night</b>	<b>Silly O</b>
<b>Fishing and Boating</b>	<b>Open Choice Activities</b>	<b>Early Bird</b>
<b>Pool Party</b>	<b>Cabin Chat</b>	<b>Parent Time</b>

### ***I need to work during the week – what are my options?***

We completely understand that taking time off can be challenging for many, and we want to do our best to reasonably accommodate families. There will be scheduled downtime each day, Wi-Fi onsite, and ample outdoor locations to hop on a quick call or connect remotely. We encourage all families who are interested in applying to Summer Family Camp to evaluate if the Family Centered Model is one that will work with your work/life schedule. Please reach out to the program team with questions regarding your specific needs and we can work to develop a plan that makes sense for you and your camper!

### ***Can I attend both in-person programming and the virtual camp program online?***

This one is easy...**YES!**

### ***I live out of state – will I be able to attend in-person family camp this summer?***

This is a great question and because there are so many constantly changing state and local guidelines regarding COVID-19 we must adhere to; we will have to evaluate out of state applicants on a case-by-case basis. Please contact our Medical Team to discuss your family’s specific needs.

### ***What is virtual summer camp?***

One thing Camp Korey is known for is finding creative ways to adapt our programs so everyone can participate! We know that in-person family camp is not the right fit for everyone, so we will be once again thinking “Outside the Box” and offering a full session of virtual camp!

### **Check out some of the highlights you can look forward to through our virtual camp program:**

- Traditional camp activities in a non-traditional way! Just think...Have you ever “rode a horse” through your neighborhood? Practiced archery in your backyard? Had a dance party in your living room? Performed a Stage Night performance with your

dog/cat/goat/hamster? Done arts and crafts at your kitchen table? Sign up for virtual camp and you could!

- Each camper that signs up for virtual camp will receive a box filled with all the supplies and goodies needed for an amazing week of “Out of the Box” summer camp.
- Campers will participate in camp activities with new friends in their cabin group, CK staff, and amazing volunteer counselors. All participants will have opportunities to laugh, chat, connect, and try new things with others in real time, just like at camp!
- Virtual camp is fantastic opportunity for out of state campers and first-time campers to experience camp programming, meet staff, and explore camp – all from the comfort of your own home!
- Here is a secret if you sign up for virtual camp...If you can get a staff member or volunteer to say the buzzword “**Paul Newman,**” they will get pied in the face!

### **BLOCK:**

Due to limited housing, and out of an abundance of caution, we have made the decision to amend our age requirements for our BLOCK session this summer. In 2021, we ask that only campers who are between the ages of 16 to 17 years old apply to attend. We will be offering exciting alternative programs and opportunities for our alumni campers this year – and going forward – so keep an eye on our website for more information!
